

Dawn of a new day...

It is a pleasure to deliver an abundance of good news in our June update. Aruba is free from COVID for well over a month now! The Aruba border is open for:

Curacao and Bonaire as of June 15th (*both also COVID free*); **Europe, Canada and the Caribbean** will be opening July 1st; **USA**, July 10th.

Airlines have resumed service and like most other island destinations, entry requirements have been carefully considered to keep our visitors as well as our residents safe. Detailed information is available on our Blog, with a link below and we are standing by to guide you through the information.

Bucuti & Tara Beach Resort's health and safety protocols are tested, practiced and ready. Our current renovation projects will be completed July 15th promising a better than ever experience for your return.

Thank you to all of our loyal guests who have maintained their reservations this summer, and for those who started making new reservations the moment the news broke that travel can resume.

I hope the sun is rising in your part of the world, too. It will be our honor and pleasure to welcome you back to Aruba and Bucuti & Tara, soon.

- Ewald Biemans
peace, love & happiness, naturally

Hospital Grade COVID-19 Health & Safety protocols in place

Our complete COVID-19 protocol has been formalized, implemented, trained and tested with the help of ICU doctors and nurses who have been both invited guests at the resort as a nod to all the great work they were doing *and* to help us prepare for visitors. Our protocol is *so strong*, Aruba's Minister of Tourism paid a visit with a full delegation to tour and praise owner Ewald Biemans and his team for their diligence and investment in protecting Aruba's guests and residents. "We are impressed with all you did with your staff to prepare."

Our COVID-19 health and safety protocol implements the most sophisticated technology to allow us to deliver the **Caribbean's healthiest vacation**.

Better than Ever....

We have been busy working on a completely refreshed and renewed Bucuti & Tara Beach Resort for your return.

- Additional beach cabanas are being installed to increase safe social distancing positions.
- You asked for it and we are delivering! Our pool is being renovated with a refreshed look, shallower depth and solar heated whirlpool.
- The SandBar is being completely rebuilt and fashioned to be safe and enjoyable for all.
- Infrastructure upgrades include walkways, key-less entries and a communications platform to allow guests to text our associates for assistance.
- All guest rooms have been refreshed and renewed.

Investments exceeding \$1 million were implemented while borders were closed to be able to welcome back our guests, better than ever!

Aruba Health & Happiness Code

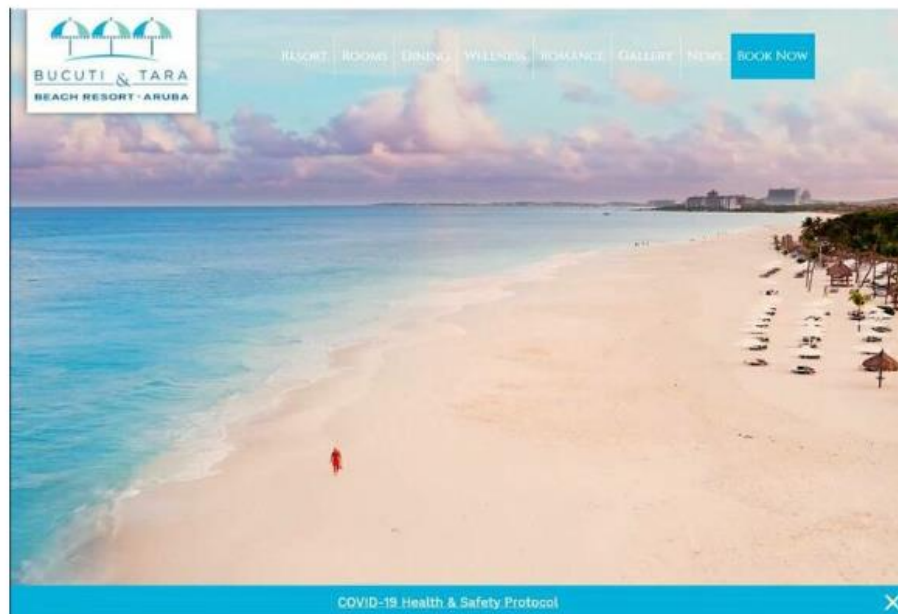

The Aruba Health & Happiness Code is a stringent cleaning and hygiene certification program that will be mandatory for all tourism related businesses across the country.

Bucuti & Tara Beach Resort was one of the first businesses in Aruba to be certified and receive the seal by government health authorities.

The certification will provide assurance that each business has taken every measure to offer a safe environment for employees and guests. The certification seal of approval will be displayed prominently on all tourism related businesses, and the certified businesses will also be found on the Department of Public Health website.

Aruba's health and safety protocols will provide a seamlessly secure and clean experience for visitors at every touch-point, upon arrival in Aruba. The Aruba Airport Authority has worked with the Department of Public Health and followed World Health Organization (WHO) guidelines to implement numerous measures such as screening, temperature checks, on-site medical professionals, social distance markers and additional shields and safeguards, mandatory personal protective training for all staff, and more.

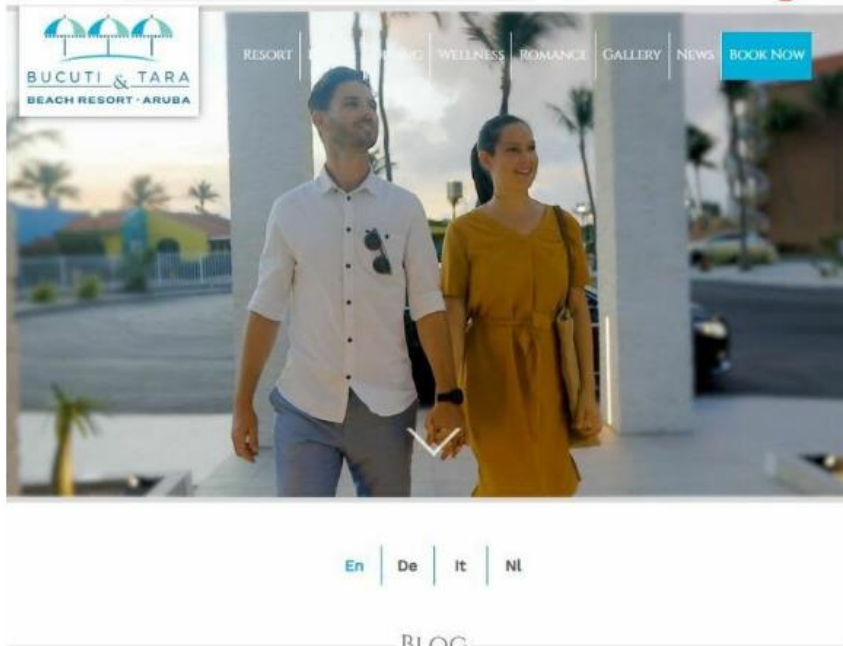

New Website and Booking Engine

Visit the all new Bucuti.com Website, designed to make your vacation planning even easier. Enjoy a new collection of photography and video as well as our new zoom downloads and Birds of Aruba gallery.

Our new booking engine makes online bookings and availability-checks quick and easy. Our reservations team is also standing by to assist by phone: USA Toll Free: (+1) 888-4BUCUTI or email: info@bucuti.com

Watch our Blog for Updates

Our Blog is updated to inform you of government entry requirements. Check back regularly for the most current information.
