

Bucuti News

Spring is a beautiful time of year to renew and refresh! We invite you to feel our warm breezes and breathe easy in wide open spaces while enjoying romance and wellness at Bucuti & Tara Beach Resort in Aruba.

In this issue of ***Bucuti News***, we honor our #BackToBucuti photo contest winner, introduce you to personal fitness instructor Ricardo van Vliet, share how a Bucuti & Tara vacation is friendlier on the environment than staying at home, and announce Elements restaurant's new Authentic Aruban & Caribbean buffet lunch.

We are grateful to be welcoming back guests whom we've missed over the past year. Our reservations team reminds everyone that with the robust return of travel, it is important to book early to avoid disappointment.

Tripadvisor Guest Reviews this week: #1 in Aruba

Great Experience

"Friendly staff, very welcoming and dedicated to ensuring a great experience. The moment we entered the lobby our bags were taken and we were handed a glass of champagne." - April 12th

Fantastic Resort & Beach Experience

"We just returned from 9 days at the Bucuti and thoroughly enjoyed our experience. The hotel is located on the very best beach in Aruba...expansive and uncrowded with beautiful clear, blue waters. The hotel itself is modern and sophisticated, quiet (adults only) and relaxing". - April 11th
