Introducing the Bucuti - GMC Nature Preserve

Undeveloped green space in Aruba is becoming harder to find. This is changing thanks to land donated by Resort Owner/CEO Ewald Biemans, Greta Marie Case, and a generous sponsorship by Bucuti & Tara.

The nature preserve is a diverse Aruban ecosystem. A new reforestation effort honoring Bucuti & Tara's recent 35th anniversary will further honor Aruba. Some of the 280 island bird species including Shocos and Prikichis take flight here - a sight to behold on your next visit.
